

Home — Početna

The emotional anchor. Cinematic hero with AI city pulse, surprise me, mood chips, coffee randomizer, hidden gems, and tonight's events.

Hero Section AI POWERED

Cinematic Sarajevo photo matched to time of day. AI-generated city pulse blurb refreshed every 3 hours via generate-pulse edge function. "Surprise Me" glass card generates a micro-plan on tap.

Glass Mood Chips REDESIGNED

Emoji replaced with glass icon containers. Each mood has a signature color glow. Same component reused on Explore, Tonight, and Profile screens.

"Gdje na kafu?" NEW

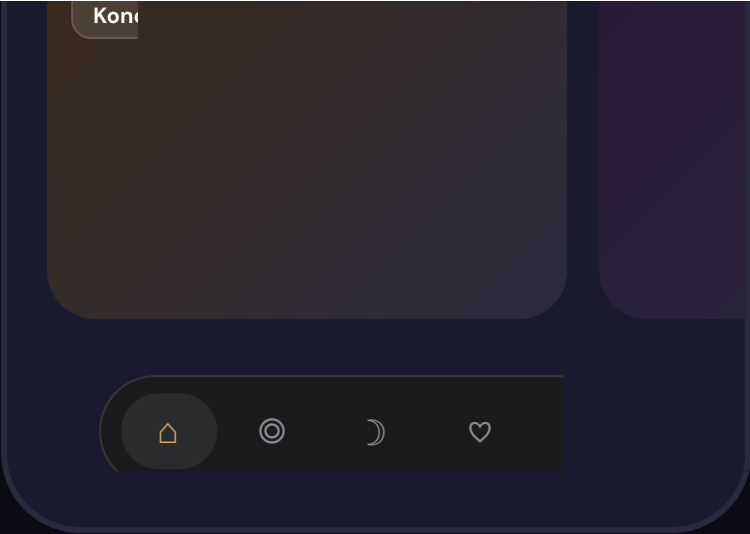

Coffee randomizer. Tap → random cafe card. "Daj drugo" to re-roll. Very Sarajevo, very charming. Tourism board will love this.

Hidden Gems NEW

91 venues flagged as hidden gems with insider tips. Data already exists in schema. Glass badge + italic tip quote on each card. Tourism boards love "off the beaten path" content.

Flippable Event Cards REDESIGNED

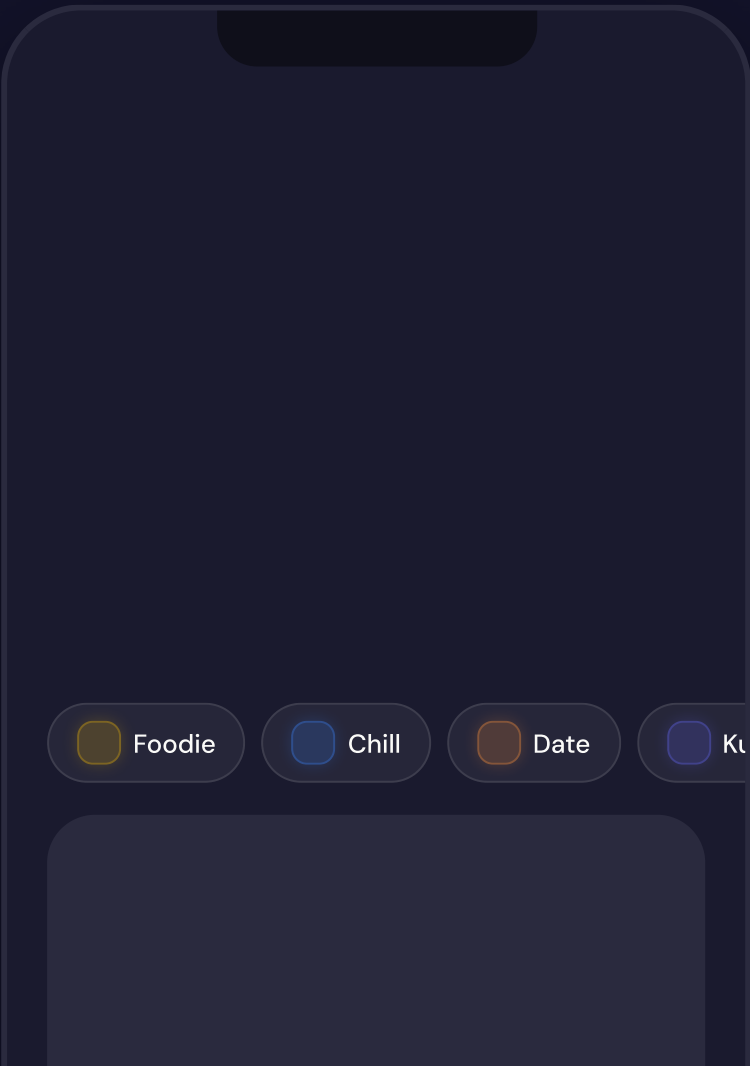

Editorial cards: 70% image, title overlay with gradient, glass mood badges. Flip icon (i) reveals details. 24px rounded corners throughout.

SCREEN 2

Explore — Istraži

Smart search doubles as AI concierge. Glass filter chips. Editorial venue cards. Camera button for live translation.

Smart Search Bar AI CONCIERGE

Same input field, two modes. Names → autocomplete search. Natural language → AI conversational response with venue recommendations. GPT-4.1 nano classifies intent, then generates response if needed.

Camera Translation AI POWERED NEW

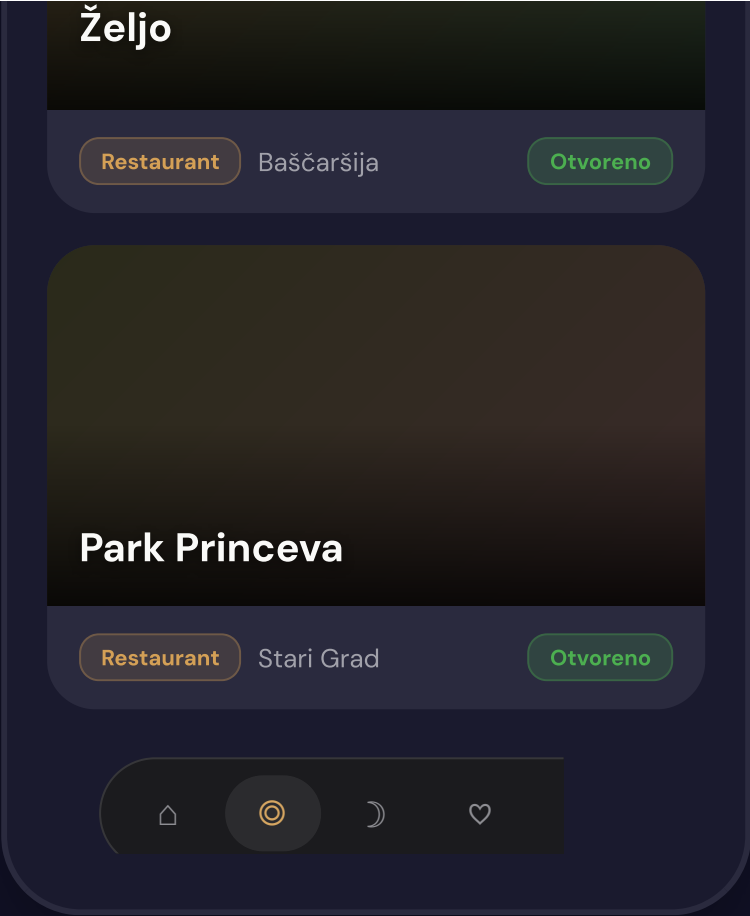

Camera icon opens viewfinder. Point at Bosnian menu → Gemini 2.5 Flash handles OCR + translation + cultural context in one call. No separate OCR library needed.

AI Response Card

Glass card with purple tint (AI accent color). Shows avatar, "Hype AI" label, conversational response, and data attribution. Disappears when user clears search. Venue cards below match the AI recommendation.

Editorial Venue Cards REDESIGNED

Large image with title overlay. Glass mood badges. Open/closed badge. Category pill. 24px rounded corners. Same flippable component used everywhere.

SCREEN 3

Tonight — Večeras

The AI showstopper. Real evening planner powered by GPT-4.1 mini with SSE streaming. Moody atmosphere. Time-segmented events.

AI Evening Planner **SHOWSTOPPER**

The demo moment. User picks mood + group size + budget → GPT-4.1 mini generates a real itinerary from live Supabase data. **SSE streaming** — the plan appears word by word. Airbnb pattern.

Structured Plan Output

Timeline layout with venue cards per stop. Walking time between stops. Each venue card is flippable. "Save Plan" and "Regenerate" buttons at the bottom. Real venue data, real event data.

Moody Atmosphere **REDESIGNED**

Ponude

Zlatna Ribica is one of Sarajevo's most atmospheric bars — a quirky, antique-filled space in the heart of Baščaršija where every corner tells a story. The eclectic decor, warm lighting, and intimate vibe make it perfect for a quiet drink with friends or a culturally-rich evening out.

✦ AI-enriched description

Real Photos **GOOGLE MAPS**

Venue photos scraped from Google Maps Places API using google_place_id. Fallback to Gemini-generated category photography if no photos available. ~\$5 for all 250 venues.

Glass Action Row **REDESIGNED**

Glass pill buttons with icons. Save button highlighted in amber. Delivery buttons (Korpa, Glovo) appear only if available.

Hidden Gem + Insider Tip

Glass badge with amber glow. Insider tip in a styled callout card. 91 venues already flagged in the schema. Tourism gold.

AI-Enriched Description **AI POWERED**

Claude Haiku 4.5 generates engaging bilingual descriptions for all venues. Batch job — ~\$5 one-time cost. Subtle "AI-enriched" attribution tag.

Check-in Button **NEW**

"I'm here" button (not shown yet — appears when GPS confirms proximity). Stores in checkins table. Shows count: "🔥 12 people here now". Foundation for future City Pulse.
